The Power of Pure Perception

- ☞ Pure perception is above duality—it is awareness.
- ☞ Pure perception is objective direct knowingness. (Be still & know.)
- ☞ Pure perception is a higher perspective that transcends programming. [sub-conscious belief systems & memory patterns]
- ☞ Pure perception is consciousness that is pure and expansive.
- ☞ Pure perception is accomplished by entering the realm of pure expansive love.
- ☞ Pure perception embraces “All” while losing focus of self as separate.

- Ⓢ When the state of consciousness reaches pure perception, New Light-New Information comes into awareness.
- Ⓢ All limitations and illusions are dissolved.
- Ⓢ Pure perception aligns one's awareness with Absolute Truth.
- Ⓢ This is where one experiences the direct perception of Truth.
- Ⓢ These perceptions come in as a "sense" through feelings, images, or audible perception of words through the inner sense.
- Ⓢ Sensing the Light as information is revealed to the mind through the faculty of imagination.
- Ⓢ Pure perception increases caring and compassion.
- Ⓢ Truth illuminates consciousness.
- Ⓢ A passion for truth ignites.
- Ⓢ Light is Absolute Truth which is information.
- Ⓢ Sparks of light enter the imagination as ideas and inspiration.

The Power of Perception comes from a pure and open heart.

This Heart-based intelligence is Christ Consciousness.

- Ⓢ The Power of Perception is an open heart that RECEIVES the Light.
- Ⓢ This Heart Intelligence perceived things AS THEY ARE without mental interference.
- Ⓢ The Light of TRUTH is Powerfull!!!
- Ⓢ DISCERNMENT – the ability to FEEL what is true—INCREASES.
- Ⓢ Cognitive dissonance is feeling something that is NOT true.
 - This leads to investigation.
 - One's passion to search for truth continues to burn.

The Power of Perception is increasing among Humanity.

♥ **The tipping point of affecting the "whole" of the masses is at hand. In other words, a direct knowing element of consciousness is going to come FROM WITHIN every human.**

IMAGINE!

ALL

- Programming dissolved.
- Deception becomes impossible.
- People know the truth.

The Power of Perception is transferred DIRECTLY when reaching a critical point in the morphogenic field of human consciousness..

This is known as the “Hundredth Monkey” effect.

It IS happening NOW.

People are “changing their minds” and ways they view things.

Our minds are becoming “renewed.”

We don’t need to reach each other with truthful information in the typical “head-brain” to “head-brain” method of communication.

(Although THAT IS happening a lot! It provides PROOF, or validation and confirmation that our inner feelings of knowingness are spot on.)

Individual transformation of consciousness to pure perception is the POWER that is transforming the field, and everyone is connected to the same morphogenic field of the mass consciousness of humanity, and so every individual is being affected.

IMAGINE!

- People waking up like popcorn popping!
- As things are “heating up,” more & more people are “popping” into higher awareness!

NEVER FEAR!

Light is Active; Darkness is Passive

Open the door to a dark room from a lighted hallway.

The light goes into the room.

The darkness does not go into the hallway.

Each person makes a difference.

Go into a dark room and light a candle.

See how much it shines!

Pure Perception is **POWERFUL!**

We are Light!
Be still and KNOW.
