The Way We Watch

- ☞ It's A New Paradigm.
- ☞ We have birthed a new consciousness.
- ☞ We have a higher awareness.

- ♥ NOW, we come from a place of POWER.
- ♥ NOW, we are not deceived; we are not victimized.
- ♥ NOW, we know we are sovereign.
- ♥ NOW, we are conscious creators.

♥ NOW, the way we watch what is unfolding, we use our power.

We watch knowing we have the power and ability to change things. Let that sink in...We watch KNOWING that we have the POWER to change things. NOW, we know the power of our own thoughts, words, and actions. Our words have POWER!

The way we watch a riot on a screen (like YouTube or other Internet platform, or television—God forbid!) has shifted. Instead of a passive, receptive mode; we halt the energy—we speak to it. We speak to the energy of darkness and call in the light. Destruction and harmfulness is darkness. Now, as we watch, we call in the Light. We ARE the light of truth and love, and we are substantially (to put it mildly) more powerful than the dark energies that we are viewing.

We use our will power felt inside as passion. It's a RIGHT USE OF ANGER. Right use of energy is RIGHTOUSNESS. "Right-Use-Ness."

We combine our power of passion combined with the power of the spoken word as we speak to the energy of darkness.

We call forth the Christ Light from within our own hearts. We call: "Christ Light take Command. God's will be done!"

We may also call for divine intervention. We know it is not our power, but "the power of Father God who doeth the works."

We shout for this energy to "STOP!" We speak to the energy as we would halt a child from doing something that would inadvertently or unknowingly harm them Self.

We shout a quick loud warning of caution like to not to go into a busy street, or like to stop playing with something dangerous like explosives or fire.

Or we speak to the energy as if it were hurting our own child. We feel that parental energy of protection. We feel fierce!

Either way, we speak firmly. We mean business!

We KNOW our commands are powerful!

We know we share the same concerns with many others. We know that we are all against violence, destruction, and harmfulness to fellow human beings...and we yell "STOP!" knowing that we are joining energetically in consciousness with others.

We have changed. We won't stand for violations against humanity.

We know the power that comes from within. We know that combining this power with SOUND, our spoken word, creates a force field of energy. Energy flows where attention goes. We are using our own DIRECTED ENERGY WEAPONS!!!

This directed energy comes from the heart of a protective parent. It is the right thing to do. Our conscience guides us.

The way we watch has shifted. We have lost all fear. We are not victims! We are taking our power back. We are taking a stand with our voice.

The way we watch is like an overseer. We are watching with the power to change things.

The way we watch as conscious creators is cleaning up lower vibrational beings and actions. We are entraining the frequencies to suit the vibration of truth as light and of love as caring and compassion.

The way we watch includes visioning, or imagining, the end result. We are done with "what if..." victim thinking.

NOW, the way we watch:

First, we put a stop to it.

Then, we "see" the perpetrator(s) restrained and removed from the scene.

Finally, we "see" justice.

WE create the outcome!
WE demand justice!

Justice activated and completed prevents further violence, deceit, and destruction.

The way we watch includes OUR VISION of the final outcome.

We are NOT victims. We ARE creators.

We see all benevolent people being protected. We pray, and we give thanks.

We remain grateful for all of the love and goodness we see in the world.

We see what Jesus taught us to project in our imagination:
"Peace On Earth.
Goodwill toward All."

We are creating new scenes in our minds. We are watching OUR VISIONS of the final outcome.

WE are conscious creators with FREE WILL POWER.

NOBODY can TELL us what our VISION is besides Almighty God.

The way we watch now is different.

The Power of God is coming through us, and we command and control dark energies to "cease, desist, and dissolve!"

"Let there be Light!"

That's what we shout as we watch.

That's the way we watch now.

We are Light!

Be still and KNOW.
